Product (SLiM) launch: “SLiM transform a Farmer an Optimist, You Eat”

Bengaluru, India, Oct 31, 2017 - Agenttech, (www.agenttech.org) launches SLiM (Smart Live soil nutrient monitoring and management) product and solutions. SLiM, provides real time soil nutrient parameter values in few minutes, thus providing for decision of right crop by avoiding the delay nearly of three months with the current suite of products. This also helps the government to determine policies to facilitate appropriate agriculture growing pattern to address the food and nutrition need for the population. SLiM would provide around 24 live soil nutrient parameters mentioned below;

- **Primary macronutrients** (Nitrogen (N), Phosphorus (P) Potassium (K))
- **Secondary micronutrients:** (Calcium (Ca), magnesium (Mg), and Sulphur (S);
- **Micronutrients or trace elements:** Copper (Cu), iron (Fe), manganese (Mn), molybdenum (Mo), zinc (Zn), boron (B), and of occasional significance there are silicon (Si), cobalt (Co), and vanadium (V) plus rare mineral catalysts.
- **pH , Conductivity, Lux Level, Colour of soil/leaf, Type of soil, Audio, Image/Video, and farmer’s name with GPS Location**

*More than 5 Patents are pending on this product and solutions
